the bible says that we should not make idols or set up an image or a sacred stone for ourselves god is a jealous god and he delights in the praises and worship of his children he promised that if we worship him and him only that he will make us rejoice over our enemies that your light will break forth like the dawn and your healing will quickly appear that your righteousness will go before you and the glory of the lord will be your rear guard then you will call and the lord will answer and you will cry for help and he will say here i am isaiah 58 8 when we talk about idols we tend to think of graven images but not so an idol is anything that we place before god it can be a

spouse a friend money power drugs sex or anything that interfere or takes time away from our worship with god whatever you find yourself spending time with more than your time of worship with god is your idol we may not think of these things as idols but consider the amount of time we spend stressing or concentrating our focus on the things of the world that ultimately will be the cause of our losing our way to salvation sometimes we forget to honor the lord who makes all things available to us only because one of our personal idols require more of our time so we place god aside and focus our attention on wandering further away from him not knowing that he grieves at our disobedience but it is not too late the bible says that the arms of god are not short his ears are not deafened to our cries i know sometimes we may feel that god will not answer or forgive us because we keep going back to the very idol we confessed to have left but god wants to forgive us for that reason he sent his only son to die for our sins so that the world through him might be saved god knows how weak and sinful we are no matter how holy and righteous we may think we are ultimately we are powerless and wretched at best paul in ii corinthians says this of the flesh i was given a thorn in my flesh a messenger of satan to torment me three times i pleaded with the lord to take it away from me but he said to me my grace is sufficient for you for my power is made perfect in weakness paul also says that he tried to do good deeds but often ends up doing what he swore he would not do we are just like paul we are weak and impressionable and prone to sin that is why we need to have the holy spirit lead and guide our daily walk we need to prostrate ourselves lay our souls bare in front of he who pours out grace and forgiveness abundantly in christ we are not of this world but if we continue along the path of destruction we will find ourselves standing outside the gates of heaven asking lord where did i go wrong genesis 28 12 i am with you and will watch over you wherever you go and i will bring you back to this land i will not leave you until i have done what i have promised you let us ask god now to forgive us our sins so that we can fully partake of his bountiful promises

this book examines the role of teaching within public education it critiques its function in today s educational policies and theories and establishes an alternative way of understanding teaching it explores teaching from within a sophist tradition of educational practice and thought the first part of the book discusses the vital link between public education and democracy the shifts in schooling s role in fostering competition and comparisons at the cost of social responsibility and democratisation it identifies the driving force of those shifts as forces of aggression and destruction central to a neoliberal ideology the second part of the book argues for a practice of sophisticated teaching rather than socratic teaching it explores in depth what it could mean to be teaching in an up to date sophist tradition of educational thought and practice the book also includes insights for teaching to counter aggressive forces of nationalism racism and late capitalism s violence and the escalating climate crisis readers will be able to understand teaching within educational thought and precisely how different teaching forms can contribute to education as democratisation
